

MONISH

Aspiring Data Scientist

9548769800 | mkha22647@gmail.com | [linkedin](#)

CAREER OBJECTIVE

Motivated and detail-oriented B.Tech graduate seeking an entry-level Data Science role. Skilled in Python, SQL, and data visualization tools, with a strong foundation in data analysis, statistics, and machine learning concepts. Eager to apply analytical skills to solve real-world business problems and grow within a data-driven organization.

EDUCATION

B.Tech — Dr. K.N. Modi Institute of Engineering and Technology (AKTU)

Pursuing 7th Semester (3 Years Completed) | SGPA: 6.46

PROJECTS

India Census 2011 Data Analysis — Streamlit Web App

Tech Stack: Python, Pandas, Streamlit, Matplotlib/Seaborn/Plotly

- Built an interactive web application to explore and visualize India Census 2011 dataset (sourced from Kaggle), covering state/district-wise population, literacy, and demographic trends
- Performed data cleaning and exploratory data analysis using Pandas and visualized insights with Matplotlib, Seaborn, and Plotly
- Developed the interactive front-end using Streamlit and deployed the live application on Render

Live Demo: <https://my-mini-project-xpr2.onrender.com>

CORE COMPETENCIES

Statistics, Probability, Exploratory Data Analysis (EDA), Data Cleaning, Data Visualization

SKILLS

Programming & Scripting: Python, SQL

Data Analysis & Visualization: Pandas, NumPy, Matplotlib, Seaborn, Plotly (Graph Objects & Express), Dash

Web Development: HTML, CSS, JavaScript, Flask, Streamlit

Tools & IDEs: Jupyter Lab, Jupyter Notebook, VS Code, PyCharm, Excel, Git & GitHub

KEY STRENGTHS

- Strong analytical and problem-solving mindset with a passion for working with data
- Quick learner, adaptable to new tools and technologies in the data science ecosystem
- Good understanding of data cleaning, exploration, and visualization workflows
- Effective communicator with ability to present insights clearly

DECLARATION

I hereby declare that the above information is true to the best of my knowledge and belief.
